

## LESSON 8 – Services

**START** >>

## ***Rule of assignments***

- Your source code must follow the rules at <https://source.android.com/source/code-style.html>, especially Naming Conventions and Javadoc Standard Comments.

## ***Lesson 8 – Exercise 1***

- Create a Calculator application which support four basic operations ( add, subtract, multiply, divide) using:
  - Started Service:
    - Extend IntentService
    - Extend Service
  - Bound Service
    - Extend Binder class
    - Using a Messenger
    - Using AIDL
